### CROP PRODUCTION LOANS FOR FARMERS.

Medina County farmers are to participate in the benefits of the Federal Crop Production Loan Plan. This was made certain Tuesday when Mr. Myron F. Ward was here from San Antonio and completed the local arrangements necessary for the accommodation of Medina County farmers who desire to secure a loan.

Mr. Ward is Loan Director for the counties of Wilson, Bexar, Medina, Uvalde and Kinney and has his office at the Chamber of Commerce in San Antonio.

Messrs. John M. Finger, Earl Boon and Henry F. Buss constitute the Certified Committee to receive application for loans, assist the applicants in making out their applications, and forward the same to Mr. Ward, who will pass them on to the Dallas office. The local committee has been supplied with application blanks and will hold a meeting every day at 4 o'clock to meet and assist applicants. Their service will be free and they are working without compensation, so be reasonable in your demands upon their time and patience. A sub-committee has been appointed at Devine for the accommodation of farmers of that section. The tentative members of this committee are Matt Keller, John W. Robinson, both of Devine, and W. E. Sorrell of Natalia. Applicants residing in that section should apply to them.

The following is a general presentation of the provisions of the Reconstruction Finance Corporation Act relating to the granting of crop production loans for which the above arrangements have been made.

1. Security: Absolute first lien on entire 1932 crop.

2. Loan limit to individual farmer, \$400.00.

3. Limit to all tenants in single county of one landlord, \$1600.

4. Loans will not be made to applicants planting cotton in excess of 65 per cent of their total cotton acreage in 1931. This does not apply to applicants planting 10 acres or less of cotton.

5. Loans will not be made to minors, to persons who did not farm in 1931, nor to persons having a means of livelihood other than farming.

6. Loans will only be made to "farmers who are unable to obtain loans for crop production in 1932" from other sources.

7. Proceeds of loan may be used only for crop production purposes and shall not be used to purchase machinery, livestock, nor to pay taxes, debts, etc.

8. Loans will not be made for a total acreage of crops in excess of the average acreage planted in 1930 and 1931.

9. Maximum loan for field crops in counties where fertilizer is not essential, \$3 per acre. Of the \$3 maximum, \$1 may be used to purchase seed; \$1 to purchase feed for work stock or fuel and oil for tractors; and \$1 for repairs and miscellaneous expense. For truck crops, including potatoes and sweet potatoes, allowance is \$12 per acre.

10. In addition to allowance for seed, feed or fuel, and miscellaneous expense, in counties where fertilizer is essential, \$3 per acre may be added for the purchase of fertilizer for field crops. In case of truck crops, including potatoes and sweet potatoes, maximum allowance for seed, feed or fuel for tractors, miscellaneous expense and fertilizer is \$20 per acre.

11. In addition to seed, feed, or fuel, miscellaneous expenses, and fertilizer, an allowance of \$2 per acre may be allowed for purchase of spraying and dusting materials for cotton, however, this allowance is available only in counties in which spraying or dusting has been a regular practice. This allowance is \$24 per acre for truck crops in those sections in which spraying and dusting is absolutely necessary.

12. The allowance for fertilizer and spraying and dusting materials for bearing orchards and vineyards is \$25 per acre.

13. Applicant must agree to plant a garden sufficient for home use.

14. Applicant must agree to plant sufficient acreage of feed to take care of his livestock.

15. Applications for loans must be

made before April 30, 1932.

16. All loans mature November 30, 1932, but proceeds from all crops must be applied to payment of loan as soon as crops are harvested and sold.

17. Rate of interest is 5 1-2 per cent per annum.

18. Advances may be made in installments which may be discontinued if money is not used for the purpose for which it was borrowed.

19. Application blanks for loan may be obtained from the county committee and sub-committee as named above.

For further information and application blanks, see the committee at once. Delay may cause you to miss the loan.

### TRADES DAY.

In spite of the extreme cold of Wednesday, March 9, a large crowd gathered at 3 P. M. for the monthly Trades Day drawing. Master of ceremonies W. N. Saathoff gave precedence to a new speaker for the afternoon, when Mr. Myron F. Ward, loan director here in the interest of the Federal loan to the farmers, addressed the crowd on Farm Relief.

Following the talk by Mr. Ward the drawing was held with the following results:

Edgar Balzen won the cow, the first premium, on a second drawing. The first number called failed to draw the prize as the party holding the number had failed to bring the ticket to the drawing. The people are again urged and reminded to get their ticket stubs into the box before the drawing and not to wait until the last minute to deposit them, and also to be present in person with their tickets if they wish to claim the premiums.

The second premium, the hog,

was won by Willie Eckhart on the first call. Miss Frances Finger won the pen of chickens as the third big prize.

There were seven special premiums donated by local merchants and distributed as follows: car grease, by O. H. Miller, Miss Florence Grell; Texaco oil, by O. S. T. Service Station, Mrs. Ernest Bohlen; gift, by N. C. Johnson, Mr. August Schroeder; flower pot, by Holloway Brothers, M. Garcia; gift of cleaning and pressing job, by Jennings Tailor Shop, Mrs. M. Fohn; a knife, by C. R. Gaines, Miss Irene Lebold; a ticket on a school scholarship, by R. L. Jennings, Mrs. Clarence Van Fleet.

The next Trades Day will be Wednesday, April 13. Save your tickets.

### T. E. L. CLASS.

The T. E. L. Class met Tuesday afternoon at the home of Mrs. Bedell, with Mrs. Earnest as joint hostess.

On account of so much sickness and threatening weather there was not a very large attendance, but the business of the Class was transacted and a very entertaining social hour was enjoyed by all. Report from the First Vice President showed three new members added to the Class since the last meeting, a good percentage in attendance each Sunday morning, and fine interest generally in all phases of the class work.

Visiting, and flowers or "goodies" for the sick and shut-ins were reported, and we are hoping to see them out soon and in their places at the services.

Fruit jello with whipped cream and shamrock cookies were served in keeping with the coming season—and we parted reluctantly at a rather late hour for our individual homes.

### GLEE CLUB GUESTS OF HARLEY SADLER COMPANY.

A pleasant and appreciated courtesy was extended the members of the Girls Glee Club, their sponsors and Director and Mrs. Ed. Armstrong, Tuesday night, when they motored to San Antonio to witness a dramatic performance of the Harley Sadler Dramatic Company, as the guests of Mr. Sadler himself. The group was treated to one of the cleanest and finest dramatic presentations of its kind, in the stage performance of "Love and Applesauce" and the number of musical selections between curtains.

Especially commendable, in addition to the splendid type of entertainment, was the efficiency and completeness of the equipment not usually found under tents. In spite of the cold outside, the audience was comfortably warm under the tent's protection. The lighting and stage properties were as efficient as in the best theatres. The result of the whole was a smoothly running, delightful show.

Mr. Sadler invited the Glee Club to sing several numbers and they complied by singing two of their concert numbers.

The Glee Club members wish to extend their appreciation and gratitude to Mr. Sadler for the evening's delightful entertainment. The Company is playing in San Antonio under the auspices of the Alzar Shrine.

### LADIES' BRIDGE CLUB.

One of the most charming parties featuring a St. Patrick's Day motif, was the bridge given Thursday afternoon of last week by Mrs. O. H. Miller. The personnel included the members of the Ladies' Bridge Club. Cut flowers and fern formed a lovely floral background, while all bridge and table appointments carried out the chosen theme in shamrocks, Irish hats and shillalahs.

Mrs. Horace Bradley won the high score prize and Mrs. O. E. Taylor won the cut for consolation. Attractive prizes were awarded them. Table prizes of small green pigs, containing green mints, were awarded Mesdames Ed. Connevey, Fletcher Davis and W. O. Rothe.

A delectable plate lunch was served with punch garnished with mint cherries and green ice cubes. Shamrocks were used as favors.

Those present were Mesdames H. J. Meyer, F. H. Schweers, R. V. Speece, Ed. Connevey, W. H. Smith, Horace Bradley, O. E. Taylor, Alice Peinhart, W. O. Rothe, Fletcher Davis, L. E. Heath and Miss Lillian Brucks and the hostess, Mrs. Miller.

### HISTORICAL SOCIETY MAKING PROGRESS.

At the called meeting of the Castroville Historical Society, held at the St. Louis Hall, Castroville, last Sunday afternoon, the President, Judge H. E. Haass, presiding, the committee on park improvement, reported the progress made on beautifying September Square and the state of the Society's finances.

A rock curb has been built around the plaza, walks and flower beds plotted and well on in the process of construction, shrubbery and flowers have been planted, and water pipes laid to all parts of the grounds.

Mr. Louis Mangold was employed as care-taker at the salary of \$10.00 per month, and soon September Square (Triangle, it actually is) will be a beauty spot. Tourists approaching Castroville for the first time from the east, as they leave the bridge at the west bank of the river, will be greeted first by a view of this park and when completed it will be like a smile of welcome from a friendly host.

Judge Haass presented a photograph of Henry Castro, the founder of the original settlement at Castroville, and a photographic reproduction of an early painting of the town as viewed from the hills south of town. These relics will be placed in the archives of the society.

Other tentative plans of the society, if carried out, will not only help preserve the unique history of this quaint bit of Alsace transplanted to the frontier of the Southwest but will put Castroville on the map as a point of tourist interest.

### COLONIAL COVERINGS.

Jaqueline La-Rue, "the girl who sees tomorrow", gave one of the cleverest performances of its kind at the Colonial Theatre last Friday and Saturday. The audience was amazed at some of the things she identified among them, while her eyes were blindfolded, and the answers she gave to the questions under sealed envelopes. Miss La-Rue claims not to be a crystal gazer, but a seer who specializes in solving the problems of finance, of business, heart and home.

The girl, the future of a huge automobile plant and his neck will all be at stake when Teddy Blue wheels his trim racing car out to the starting line of one of the most exciting races in years on the Colonial screen Saturday and Sunday. The occasion is the opening of Universal's new picture, "Racing Youth", which features Frank Albertson as Teddy, beautiful June Clyde, lanky Slim Summerville as himself and Louise Fazenda as a fake secretary. Action, speed, romance and pep. That's "Racing Youth".

Thursday and Friday brings to the Colonial patrons the first lady of the screen, Ruth Chatterton, in one of the best and latest of her screen successes, "Tomorrow and Tomorrow". In the cast with her are Paul Lukas and Robert Ames.

### COURT RULES NEGRO TO DIE.

Austin, March 9.—(INS)—Ernest Johnson, 19-year-old negro, will die in the electric chair for the murder of Frank Kempf, Medina county dairyman, the court of criminal appeals having affirmed his conviction today.

Johnson's companion in the crime, 17-year-old John Green, was saved from the chair—temporarily at least—recently when the appellate court reversed and remanded his death sentence conviction in the case.

Kempf, a man of 50 years, was murdered with an iron bar at his farm home near Devine on the night of June 15, 1931. His body was found hidden in a thicket of brush several miles away after a search of more than a week.

### JACQUELINE LA-RUE.

Jacqueline, who just completed a two day engagement at the Colonial last week has been persuaded to return for a 4-day engagement, March 17-18-19-20. Her work is marvelous, as all who have seen her will testify. Attend the Colonial on any or all of those days and she will answer any question you desire to ask her, making sure not to embarrass you. Her performance is really amazing. THERE WILL BE NO INCREASE IN ADMISSION PRICES.

Remember you can get FARMING and this paper both for a year each for only \$1.45.

Mr. J. H. Burgin and daughter, Miss Dorothy, went to San Antonio Saturday and met Mr. Claud Burgin, who is teaching at Smiley, and came home to spend Sunday with them.

Miss Vera Vaughan and Mrs. W. H. Shine have been on the sick list for several days.

Mr. Byron Ward, the school bus driver, has been sick with the flu for several days. Two of his children and his wife were also sick with the malady.

Mr. O. D. Lynn is enjoying a visit from his sister, Mrs. Poe, and family.

Mesdames Charlie Ward and Muenink were Pearsall visitors last Thursday.

Mr. Nelson filled his regular appointment at the Baptist church Sunday.

Mrs. John Love and children attended the services at the Baptist church Sunday.

Mr. Fey Burgin and family, Mr. Oswald Oefinger and family and Mr. Wesley Oefinger and family, all of San Antonio were guests of Mrs. C. J. Oefinger Sunday.

Mr. and Mrs. T. H. Roensch were at Lytle Sunday evening visiting relatives. Their niece, Miss Ola Mae Hughes, of Lytle had spent the week-end with them here.

Supt. Stendebach made a hurried trip to Boerne one day last week.

Miss Briscoe of Devine is at the auditorium today, teaching her music class.

The weather is ideal for farming and farmers of this community are taking advantage of it and are busy planting corn.

FROM BIRY.

Mr. Matt Bader returned to San Marcos to school after a day at home with his parents, Mr. and Mrs. Geo. Bader.

Mr. and Mrs. Jesse Heath spent one evening the past week in Hondo.

Quite a number from here attended the P. T. A. County Council at Dunlay Saturday.

Mr. and Mrs. Louis Rihn and son, Wesley, spent Friday at Riomedina. Little Miss Ruby Bendele from Castroville spent the week-end with Inez Biry.

Mrs. George Bader spent one day the past week with Grandma Bader at Three Point.

Mr. and Mrs. J. L. Wernette spent Saturday at Hondo.

Mr. Jesse Heath spent one day the past week in Devine.

Mr. and Mrs. George McCollum of San Antonio spent the week-end with her mother, Mrs. Emma Haass.

Mr. and Mrs. Gordon McCorley spent Saturday in Hondo.

The P. T. A. gave a party Saturday night at the school house. Quite a large crowd was present. The money will go for school benefit.

Mr. Hoover's friends say he was not to blame for any of our foreign loans and losses during the World War. Those Republican spokesmen of Mr. Hoover's should not forget that Mr. Hoover asked for \$100,000,000 to feed the Belgians, and got it. He also asked for the same amount to feed the Russians. He is the kind hearted man who could not bear to see little children starve in a foreign land. Now he is President of the greatest country on earth, but he can't be interested in the starving American babies under any consideration. The only babies he is willing to help in this country are the BIG BUSINESS BABIES.

THE INJUSTICE OF SPECIAL PRIVILEGE.

When our government gave the Railroads a raise in freight rates, that privilege took three cents a bushel of the farmer's corn, and put it in the Railroad's pocket, and this holdup coming at a time when corn is selling for less than it has in forty years, and on top of this Congress has just handed the Railroads a dole that runs into hundreds of millions of dollars.

What is this country coming to? Why should Railroads and corporations be the petted child of our government? This is the most outrageous act ever committed by our government. Remember our forefathers licked England for doing much less than that.

Talk about taxation without representation? This is a tax on the farmers, by misrepresentation. If this country can stand Hooverism another year, it is indeed a wonderful country.

LAZY BOY, LAZY MAN.

We find that almost without exception it is the lazy boy or girl that turns out to be the lazy man or woman. Habits of this sort are contracted in the youth when the mind is plastic and susceptible to habit-forming actions. So we should all beware when we begin to shirk and dislike work—then we should immediately try to mend our ways and make sure that we will not be lazy or forgetful in our old age.—Selected

From The LeCoste Ledger

LACOSTE VICTORIOUS AT HONDO.

The local public school volley-ball team donned their war paraphernalia Friday and journeyed over to Hondo for an encounter.

The D'Hanis team arrived in due time and a contest began at once. The LaCoste girls had the D'Hanis team out-classed from the start and defeated that team for three consecutive games with scores as follows: 15-0, 15-2, 15-2.

Immediately following this game the Hondo team came up and went into action against LaCoste. The local team defeated Hondo both games played. The score for the two games were 15-3 and 15-4 respectively.

Also there was a baseball game last Friday. Several of the boys hastily organized a baseball team and without any previous practice played the O. L. G. team. The Public School had the lead during the first seven innings. The score was 4 to 1 at the end of that inning. During the last two innings the O. L. G. team gained one run over our team and won the game 5 to 1.

The Interscholastic League Meet will be held at Hondo, March 11-12. We plan to enter several activities.

Make You Lose Unhealthy Fat

Mrs. Ethel Smith of Norwich, Conn., writes: "I lost 16 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat too."

To take off fat—take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely.

**Milk of Magnesia prescribed by physicians in correcting excess acids.**

**S**ICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated.

Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Good things for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians in correcting excess acids.

## ST. PAUL'S LUTHERAN CHURCH.

"The Lord Thy God will raise up unto thee a Prophet from the midst of thee, of thy brethren, like unto Me; unto Him shall ye hearken." Deuteronomy 18, 15.

"And as Moses lifted up the serpent in the wilderness, even so, must the Son of Man be lifted up: that whosoever believeth in Him should not perish, but have eternal life." Jh. 3, 14-15.

Life's great alternative: it lies in the choice between Jesus and Barabbas. Barabbas, the choice of the world, the way that condemns Christ anew and crucifies Him again. Barabbas, would you choose him and with him be in the company of the wicked, of the forces of darkness, that lead to destruction? Would you ally yourself with all that is against safe and sane living? Hear Christ's voice: "Whosoever shall deny Me before men, him will I also deny before My Father which is in heaven."

You would surely rather choose Jesus, the word that stands for Savior, and be in the company of those who have found the escape from sin and a troubled conscience and all the resulting evils. You would ally yourself with the great host who stand for every good influence for the welfare of men's bodies, minds and souls. You would join your voice with the host that cry: "Where sin abounded, grace did much more abound; that, as sin hath reigned unto death, even so might grace reign through righteousness unto eternal life by Jesus Christ, our Lord."

## DECLAMATION TRY-OUTS.

The declamation try-outs, for the selection of those students to represent Hondo High School in the County Meet, were held at the High School auditorium Monday night, March 7th. First and second places were awarded, the winners of the second to take the place of the first in case of inability to be present at the finals. Judges were members of the Sabinal High School faculty.

Superintendent J. G. Barry, as chairman, made several preliminary remarks relative to the groups of declaimers and the rules for judging. The contest for representative declaimers of Hondo High School then began, each contestant giving his address clearly and with considerable poise and ease. The winners according to their groups are as follows:

Junior Boys.  
First, Monroe Langford.  
Second, Merle Stiegler.  
Senior Boys.  
First, Major Lancaster.  
Second, Floyd Mechler.  
Junior Girls.  
First, Eleanor Westfall.  
Second, Jo Reilly.  
Senior Girls.  
First, Irene Mechler.  
Second, Carolyn Duderstadt.

While the judges were making their decisions, the Hondo High School Girls' Glee Club rendered several entertaining vocal selections.

The final declamation contests, where the winners of Monday's try-out will compete with other representatives of the County's schools will be held Friday afternoon, March 11, at 2:00 P. M. in the Hondo High School Auditorium.

## LUNCHEON CLUB HEARS MR. WARD.

The Hondo Luncheon Club had as its guest at its noon luncheon Mr. Myron F. Ward, District Loan Director for the government crop production loans. Mr. Ward explained the loan plan and named Messrs. John M. Finger, Earl Boon and Henry F. Buss as the County Committee to whom applications for loans should be made. Loan applications must be made to the committee as the members are the only ones authorized to handle the application blanks.

Loans bear rate of 5 1-2 per cent interest and is the cheapest money a farmer can secure for financing his crop.

The club decided to elect an official "Censor" at its next luncheon. Just what his functions are to be were not elaborate on, but we presume he will be the official "Goat".

Several new members joined at the meeting.

## HORNETS LOSE LAST GAME.

As sickness thinned the ranks of the Hornets and made practice almost impossible, the sextet was badly defeated in a game with the Sabinal team Monday night at the Fairgrounds gym. In this game, which probably the last for the Hondo girls, the Hornets were unable to get into the winning stride which characterized their playing earlier in the season, and the game ended 57 to 10.

The Trio sextet are an example of what three years steady team work and playing can do for a group. Their playing was clock-work, with none of the slowness. The same group of girls has been playing together for three years and has never met defeat in that time. Miss Durgin of Yancey, teacher in the Trio school, is coach.

The Hornets closed their season with four wins and four losses, a feel elated over the record. They have a right to feel proud, although several of the defeats looked promising, as several of their players have never known basketball before this season and others had not played in several years. No more than two have ever played on the same team together in high school. The Hornets expect to better their record in the second season of basketball.

The season was started using the two division court, but as the Hornets met teams from San Antonio they had to adopt the new method of playing on a one division court. However, they alternated with the old and new, playing the old way with Sabinal and Trio and the new with Cowart's Aces, State Hospital, P. S. Hospital and Laurel Heights Methodists. The one division court resulted in a faster game, which will probably bring about the adoption of the method by all girls' teams the next season.

The Hornets are grateful to their coach, Miss Perry Chamberlain, for her generosity in giving both time and energy to their team, and publicly acknowledge their appreciation and gratitude. They also thank the Baptist Badgers and their coach, Mr. Fluker, for their help; those persons who furnished transportation for them to the out-of-town games; those who acted as officials at the games and the girls who so loyally stood by the group in practice and in games.

The line-ups for Monday's game were as follows:

Trio: Forwards, L. Neely and E. Helmle; centers, I. Avant and L. Pruitt; guards, F. Saadlerlin and Pruitt. Hondo: Forwards, Haass and Cameron; centers, Davis and Mills; guards, Brucks and Schweers. Officials were as follows: Jack Bradley, referee; Perry Chamberlain, Time and Della Mae Adamcik, scorer.

Southwest Texas has experienced a variety of weather during the week. Following summer-like temperatures during last week, a cloud came in from the Northwest Friday evening threatening a thunder storm.

Instead, it turned into a wet norther and cleared off after a light but blustery rainfall. Cool winds and threatening clouds followed for several days and a real norther blew in Monday night and for three mornings in succession ice was found. Exposed places it never melted all day Wednesday. The thermometer dropped to about 28 degrees and all this is about as severe a spell as the winter has known. Thursday afternoon it is still cold and cloudy with threatening snow or rain.

Sunny Blaisdell and Freddie B. Felice, who are dancing from Lytle, Mass., to Los Angeles on highway, danced into town about five o'clock Saturday afternoon, and appeared in two special dancing acts at the Fairgrounds hall that night. The extremely cold weather prevented a large attendance but those present reported an evening of pleasant entertainment and dancing which followed the special act. Music was furnished by Bert Harry's orchestra.

## QUIHI NOTES.

"Christ hath redeemed us from the curse of the law, being made a curse for us." Gal. 3.13.

No service of any kind will be held in Bethlehem Lutheran church Sunday morning.

Sunday morning at 10 o'clock divine service will be held in St. John's Lutheran church at New Fountain. A cordial welcome to this and all services in this church is extended to all.

Sunday night at 7:30 o'clock a Lenten service in the English tongue will be held in Bethlehem Lutheran church. All are cordially invited to this and all services in this church.

Interesting Lenten services are held every Wednesday night at 7:30 o'clock P. M. in Bethlehem Lutheran church during the Lenten season. These services are to acquaint us with the great sufferings of Jesus Christ and His vicarious sacrifice for sinful man. To these services all are cordially invited.

Good Friday comes this year on March 25th. This day is observed throughout Christendom to commemorate the death of Jesus Christ. A special forenoon service will be held on this day in Bethlehem Lutheran church.

## TUESDAY BRIDGE CLUB.

Mrs. H. E. Merriman was the charming hostess to the Tuesday Bridge Club and guests, Friday afternoon. Pot plants and spring flowers were used to decorate the rooms. There were three tables of players.

Mrs. W. O. Rothe held high score for guests, Mrs. T. B. Knopp was high for members and Mrs. R. W. Speece low.

Green was the color chosen for tallies. After five games of bridge, lovely refreshments were served to the following guests and members: Mesdames L. E. Heath, W. H. Smith, R. L. Kollman, Nora Bendele, Horace Bradley, Walter Rothe, T. B. Knopp, Elsie Warden, R. W. Speece, E. F. Mcfield, Tom Holloway and Jack Lacy.

## METHODIST ANNOUNCEMENTS.

Remember this is the time when everybody should be going to church. There is not a single individual but that is the recipient of the marvelous blessings and benefits, that the resurrection of Jesus Christ has brought into the world. Acknowledge those blessings by church attendance this month and during this Easter period.

There is a welcome for every one at the Methodist church. Worship with us Sunday.

Subject of Sunday morning sermon: The Christian's Relationship in Life. Evening subject: "No Man Cared For My Soul".

## STOCK HAULING LAW IN EFFECT.

Austin, March 6—(AP)—L. G. Phares, chief of the Texas Highway Patrol, announced Saturday that a campaign would be launched at once, with the assistance of the State Live Stock Sanitary Commission, to enforce the law requiring permits for transportation on the highways of live stock and poultry.

The legislature enacted a statute requiring those hauling live stock to obtain owner's permit certificate in an effort to prevent the removal of cattle from a quarantined district to areas not infested by ticks or cattle diseases.

Phares said that State highway patrolmen or other officers can, without a search warrant, require the driver of any vehicle moving live stock or poultry to produce a permit for the transportation signed by the owner.

Failure to possess such a permit subjects the driver of the vehicle to a fine of not less than \$25 nor more than \$200 for each head of live stock or poultry involved in the movement.

The law has a dual purpose, in that it will prohibit the transportation of stolen animals, or butchered portions thereof over the highways, a practice that is very prevalent in many parts of the State. The law and the West Texas Sheep and Goat Raisers Association and these two organization will take an active part in its enforcement.

A book of these certificates can be had by writing J. H. Walker, Live Stock Sanitary Commissioner, Weimar, Texas.

## PARENT-TEACHERS ASSOCIATION TO HAVE SILVER TEA.

The regular monthly meeting of the local Parent-Teacher Association will be held at four o'clock Monday afternoon, March 14, in the high school auditorium. There will be an address and discussion on Child Welfare. In addition to the regular meeting the annual silver tea will be held. All members are urged to be present, and are requested to bring a dime or quarter offering.

You can save money on your newspaper and magazine subscriptions by letting us handle it for you.

## WIDELY HERALDED MURDER TRIAL TO BE HELD AT YANCEY.

Yancey residents won't have to leave their own streets to see and hear a murder trial, for one is to take place at the Methodist Church at Yancey on Monday, March 14, at 8 P. M.

A young man, Milton Ward, will be "tried" for murder, and the whole setting will deal with the "killing" of a man by his friend, whom, it is shown, was under the influence of liquor at the time he struck the blow which snuffed out a life, left a widow and a family of fatherless children.

The "Trial" is being put on in co-operation of the churches and is a means of pointing out a lesson in prohibition law enforcement. Twenty-five prominent local leaders of this city will take part in this trial.

The cast follows: Judge, Rev. Albert Nelson. Sheriff, Jim Weekly. Jack Stiles (Bootlegger) Gladden McAnelly.

## INDUSTRY AND THE SMALL TOWN.

Governor Franklin Roosevelt of New York was asked recently to state what, in his opinion, would be the solution of the present overcrowded condition in the cities, with the consequent suffering in times of unemployment. He stated that the solution lay in a better distribution of our population.

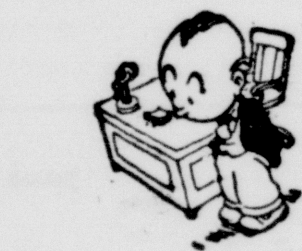

The governor stated that there were thousands of men and their families who were eking out a bare living in the city, who would be glad of an opportunity to return to the country. Mr. Roosevelt is an enthusiast about rural life. Though governor of the state containing the largest city in the nation, he believes the future of American industry is in the country. He has watched a constant exodus of industries from the city to the country for several years and believes it is only a matter of time until the big industrial plants will be evenly distributed throughout the nation.

"There are a hundred things that contribute to the comfort and practicality of rural living," he says.

"There are electric lights and electric refrigeration. There are new methods of sanitation for rural homes. There is rural delivery of mail, including parcel post, which puts housewives in touch with distant markets. There are modern consolidated schools equipped to supply as good primary and high school education as can be had in the city. And the country has the added advantages—space and freedom, contact with nature, and a chance to establish a permanent home."

The last issue of the Texas Commercial News gives facts and figures to prove that industry is moving countryward in Texas, as it is in the states of the Northeast. The law of action and reaction generally takes care of any abnormal situation, and the reaction to urban conditions during the depression has had the effect of starting a voluntary "back-to-the-land" movement which may result in an even distribution of our present congested population.—Denison Herald.

### SMALL FLOCKS OF SHEEP HELP TEXAS FARMERS.

J. H. Jones, Extension Agent in Animal Husbandry.

The sheep and lamb population of Texas increased 109 per cent between 1920 and 1931. This tremendous increase in numbers occurred almost entirely in the ranching areas with but a negligible increase in numbers on the farms. Sheep recovered more rapidly than beef cattle and hogs from the depression of 1931, and enjoyed until 1929 a range of prices from 175 per cent to 225 per cent greater than the prices of the period 1909-1914 level. Wool was likewise profitable as sheep were profitable, recovering from a price of 16c per pound in 1921 to 30c per pound in 1922 and maintaining or exceeding that price until the drop to 20c per pound in 1930 and subsequent decline to the present.

During the period 1922-1929 sheep were profitable to the ranchman and to the farmer who had them, hence the increase to 6,050,000 head as of January 1, 1931. Despite the drop in price the past two years the careful farm flockmaster still finds his flock profitable from the reports of demonstrations to county agents.

The farm flock can afford usable and marketable products as wool, mutton, spring lambs and fresh meat for the farm family. Very often one lamb crop and one 12 month clip of wool will pay for the grade ewe flock. Barren ewes, poor milkers, light shearers, and broken mouthed ewes will constitute the surplus to be disposed of as mutton. Such ewe lambs as are not needed for replacement should accompany the wether lambs to market as finished lambs in the fall or winter or as genuine spring lambs in the late winter or spring. At the present time, thin lambs originating from small farm flocks are not desired as feeders by the larger feeder buyers. For that reason alone the farmer should market his lambs as fat lambs.

Sheep will improve the land and the appearance of the farm for they will destroy certain weeds and will keep the fence rows clean. However, sheep should not be kept as scavengers but for the profit they can return.

The profitable farm flock requires and will pay returns for intelligent husbandry. Chief among the many factors which may be involved is that of protection from parasites, dogs, coyotes, and other farm stock. Shelter is needed for the period of chilling rains and during lambing time. Sheep do not require attention every day in the year, but the farm flock owner should be prepared to give the necessary attention when it is needed.

The production of early spring

lambs or as sometimes called, Easter lambs, is a specialized feature in sheep raising. Many farm flock owners have found this type of production particularly profitable. The ewes must be bred ahead of their normal breeding season, which may require flushing (the supply of extra feed or pasturage necessary to start the ewes gaining in flesh). Especial attention must be given the ewes to insure an abundant flow of milk. Since the lambs must be fat to fit the "genuine spring lamb" trade, a supplementary feed of grain must be given them. This can best be done by placing feed, mostly shelled grain, in a creep, which the ewes cannot enter so that the lambs can have the grain free choice.

The advantages of this type of production are—

1. Quick turnover—the lambs are marketed between 4 1/2 and 5 1/2 months of age.
2. Lambs are marketed before summer heat and parasite infestation.
3. Genuine spring lambs command a premium on the market.

### OUR SUPPOSED WAR WITH JAPAN.

According to many reports, Japan has become a bully and is saying to China and the United States "come on, I can whip all two of you at once".

These reports are thought by some to be exaggerated in the United States for the purpose of drawing the United States Congress away from considering the Patman bills, which propose the impeachment of Mellon, and the cash payment of soldier certificates.

Others think these reports are exaggerated for the purpose of securing a large appropriation from Congress for the support of our naval exhibit. Others think these reports are made to try to check the growth of any Third Party movement.

What could Japan expect to gain in a war with both China and the United States? It seems unthinkable that Japanese rulers would be so foolish as to invite a scrap of that dimension.

P. A. SPAIN,

Winter killing causes nearly as heavy losses to the winter wheat crop as all wheat diseases combined. Using hardy varieties, sowing in stubble or cornstalks, preparing a firm seed-bed on fallowed land by means of a duck-foot cultivator, sowing with furrow drills at proper rates and dates, and mulching with straw, reduce winter injury of wheat.

Swine contract tuberculosis from cattle and fowls. Don't allow your hogs to feed with tuberculous cattle or poultry.

## Hints for the Household

Address all  
Letters to  
The Editor.

"To the looking glass world it was Alice who said I've a scepter in hand, I've a crown on my head, Let the Looking Glass creatures, whatever they be, Come and dine with the Red Queen, the White Queen and me!"

Somewhere in the article "A March Hare Party" Mrs. Frazier quotes the above lines, inviting you to feast at the most unusual, the maddest party it has ever been our experience to read about. It will certainly prove to be the queerest, most entertaining party you have ever given. Every detail is quite original. Every detail for the convenience of the hostess in giving the March Hare party is described by the author, including the wording and adornment of the invitations, the procedure, very irregular, for greeting and seating the guests at table, and especially for the serving of the odd assortment of refreshments. You will be surprised at the wealth of entertainment in her suggestions. If your guests are not mad as a hatter when they arrive, they will be in a daze of fun when the party is over.

Mrs. Frazier, like Alice, returns from Wonderland, and comes to earth with a timely article on school lunches. She offers an entirely new outlook on the problem of lunches for the school children, particularly for rural children. In addition she gives a complete menu for the aid of the rural mother. All the tempting sandwiches and sweets make me wish I were a child again, trudging off to school with a lunch basket clasped tightly under my arm. Mrs. Frazier's suggestions would apply likewise to town children, who usually ride in state in automobiles to have the noon meal at home. Wouldn't it be wiser if you town mothers followed the example of your rural neighbors and sent your children off on foot with their lunches, such as described by Mrs. Frazier, under their arm? Recalling my own school days, it was always an event when I could "take my lunch", and it is an event that will never grow old if the mothers follow the advice of "Lunches For The School Children."

Apropos of the large supply of

eggs on the farms at this time of year, the following recipes are given for the purpose of variety in preparing them for the table. The recipes were compiled by the Department of Economics, Texas State College for Women (CIA).

### DENVER SANDWICH.

To three eggs add 2 T milk, 1-2 c small pieces of broiled ham or bacon, 1-8 t pepper, 1-4 t salt, and 1 t chopped onion. 2 t chopped parsley, or add any other desirable flavors as chopped peppers, celery, pimento, etc. Heat the skillet and melt 2 t bacon fat, butter, or other fat. Pour in the mixture and keep at a very low temperature to set slowly. Cut or prick to permit steam to escape from underneath. When it is almost set cut into sections the size of sandwiches desired. Turn each section using a pan cake turner, and permit the other side to set. Serve with a garnish of lettuce or celery tips.

### ESCALLOPED CHEESE.

Place buttered stale bread in a simple layer in a buttered casserole. Spread about 1-2 c of grated cheese or of small pieces of cheese over the bread. Add another layer of bread and cheese as the preceding one. Combine two eggs with two cupfuls of scalded milk, add 1-2 t salt, 1-4 t mustard, and 1-8 t mustard if desired. If dry bread is used additional milk will be required. Pour the egg and milk mixture over the dry ingredients and bake in a very slow oven until the custard is set. It is safer to place it in a pan of boiling water during baking.

### A MARCH HARE PARTY.

By Juliette Frazier

Here is a party which grown-ups and children alike will enjoy. All those who have found delight in reading the story of Alice in Wonderland will remember The White Knight, the mild Queen with her terrifying injunction "Off with her head," the Whiting and the Snail which are by-words in every well regulated family. But after all it's the March Hare that we love best. So it is a foregone conclusion, that the March Hare invitation to a typical topsy turvy entertainment where the viands are an incidental feature will be eagerly sought for and gladly accepted.

The invitations should be written on plain white correspondence cards.

Association. The Firecrackers sang "Bubbles" and "Sweet and Low", which shows their unusual ability in the harmonizing of tones. The Octette sang two pretty negro melodies: "Sleep Kentucky Babe" and "Uncle Moon". The two groups, then sang "Morning" and "June Rhapsody". These numbers were very much enjoyed.

Tuesday, March 1, the Girl's Glee Club sang several numbers for the recently organized "Hondo Business Men's Luncheon Club". Ed. Armstrong, Jr., directed the numbers in the absence of his father, who was out of town on business. This was the first opportunity most of the members have had to hear the Club sing, so it was greatly enjoyed.

## PERSONALS.

Mr. McDowell reports that one day last week some person, name unknown, entered his desk and aided him in his correspondence by beginning a letter to a very close friend of his. Mr. McDowell requests that the said person return and finish the letter.

Now that Springtime is here, the grass is green, and the birds are warbling in the trees, we wonder why the Hiking Club and its sponsor, the famous transcontinental hiker, doesn't go on another one of those long?? hikes.

There are the other kinds of epidemics besides the mumps and flu! The latest one seems to be the "permanent wave epidemic". The Commercial and English Departments are the latest victims! Gee! Doesn't it make you sea-sick?

The friends of Miss Pearl Fawcett will regret to learn that she is suffering from a case of the mumps. It is hoped that she will soon be able to resume her teaching. Miss Meda Crow is teaching in her place now.

## DECLAMATION ELIMINATION.

The declamation try-outs for the County Meet were held Monday night, March 7th, at the high school auditorium. A fair crowd was present to hear the declaimers.

The ones who won first place will represent the Hondo High School in declamation at the County Meet. If these are unable to be present to declaim, the ones who won second place will declaim.

The following are the ones who won first and second places:

Junior Girls: 1st. Eleanor Westfall; 2nd. Jo Reilly.  
Junior Boys: 1st. Monroe Langford; 2nd. Merle Stiegler.  
Senior Girls: 1st. Irene Mechler; 2nd. Carolyn Duderstadt.  
Senior Boys: 1st. Major Lancaster; 2nd. Floyd Mechler.

## VOLLEY BALL TEAM DEFEATS D'HANIS.

Last Thursday at 3 P. M. our Volley Ball Team played the team from D'Hanis on the Hondo court. For a while it seemed that it was going to be "a tight fight with a short stick", but Hondo finally realized that they had to win and DID. Out of the three games played, Hondo won the first and the third.

The girls who played were: Elvira Schweers, Gen Brucks, Rosena Taylor, Irene Mechler, Dorothy Ann Eckhart, Tusnela Wurzbach, Margaret Dillon, Irene Neuman and Elva Mumme.

The team is enthusiastic over the County Meet and hopes to win first place for Hondo again this year.

## GLEE CLUB TO SAN ANTONIO.

The Girls' Glee Club were the guests of Mr. Harley Sadler of the Harley Sadler Dramatic Company at the performance of "Love and Apple-sauce". Fifty of the girls and their sponsors motored to San Antonio Tuesday night, March 8th, to attend the play given in the big tent at Josephine and North St. Mary's Streets. The Glee Club wishes to thank Mr. Sadler for a very pleasant evening's entertainment.

## GLEE CLUB.

The Girls' Glee Club of the Hondo High School rendered a few selections at the school auditorium March 7. The following songs were sung:

1. "Gypsy Campfire".
2. "Glory of the Dawn".
3. "June Rhapsody".
4. "Morning".
5. "Pilgrim's Chorus".
6. Signature.

## THE JUNIORS IN BUSINESS.

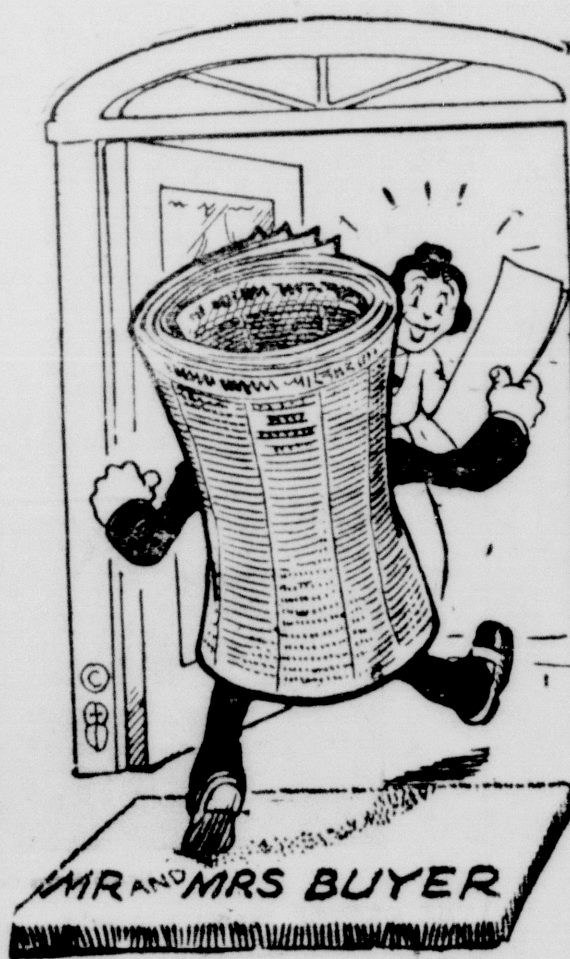

The Junior Class, in order to raise some funds, has decided to sell subscriptions to the "Ladies Home Journal", "Saturday Evening Post", and "Country Gentleman". So don't be surprised if one of the Juniors approaches you, and solicits your subscription to one, or all, of the magazines. They're all good and worthy of your attention—the Juniors can all vouch for that!

## UVALDE BRIDGE PLANS MADE.

Uvalde, March 7.—Contract for a bridge spanning the Nueces river in Uvalde county on highway No. 90, eight miles west of Uvalde, will be let at the March meeting of the state highway commission, it has been announced. Preliminary plans call for a bridge across the main channel of the river to be 820 feet in length, and two relief openings across sloughs west of the stream totaling 1700 feet in length. The highway commission likewise is expected to let the contract at the next meeting for a bridge across the Sabinal river on highway No. 90.

These two structures are a part of the bridge-building program in Uvalde county in which a total of five bridges will be built. Contract for the structure across the Main and Dry Frio rivers has been let and the work is now well under way. The remaining contract will be for a bridge across the Blanco river.

## IN REMEMBRANCE OF OUR BE-LOVED AUNT, MRS. KATHRINE BIEDIGER.

In life we are to death so near,  
 That we should not grieve,  
 If one that was to us so dear  
 From us will take his leave.

So it was with Dear Aunt Katie.  
 She has left you all too soon.  
 Left you all here in your sorrow.  
 Her death o'er you has cast a gloom.

She has gone from you forever,  
 And you no more will see her here.  
 You think there is no greater sorrow,  
 For to you she was so dear.

Indeed she was so dear to you,  
 It's hard, so very hard,  
 Indeed you all loved her so true,  
 And yet you had to part.

Now your hearts are sore and weary,  
 But it will not be for aye  
 Though now all is dark and dreary,  
 There'll come a glad some day.

Once there'll be a glad tomorrow,  
 And you'll see her face to face,  
 From your hearts you'll banish sorrow,  
 When your dear one you'll embrace.

By two neices and nephews, E. M. R. B., E. R., and J. R.

## DIED.

Mr. Friede Broers, aged resident of the New Fountain community, died at 2:30 P. M., March 5, 1932, at the home of his daughter, Mrs. W. A. Hardt, and his remains were laid to rest the following day in the New Fountain cemetery, with Rev. E. W. Dechert, Pastor of the New Fountain Methodist church, and Rev. Robert Moerner officiating. The funeral arrangements were under the direction of J. A. Horger, Mortician.

Deceased was born November 28, 1844, in Germany and at the time of death he was 87 years old. For the past several years he and his wife, who survives him, have made their home with their daughter, Mrs. W. A. Hardt. Surviving are his widow, Mrs. Friede Broers, and two daughters, Mrs. H. G. Hardt and Mrs. A. Hardt, and several other near and dear ones to mourn his passing.

This paper joins the many friends of the bereaved ones in sympathy for their loss.

## A \$1 Dinner for 4

In these days of cut prices—hats within reach, shoes within reason, stockings at par and two frocks for the former price of one—the budget wears an exceedingly cheerful face. But don't eat up all the money you save.

Stick to your weekly "dollar dinner for four" habit. And now that a dollar goes much farther than it did last year, you'll find that for the small sum of twenty-five cents per person, you can plan other dinners quite as tempting as this one. A dietitian has put her seal of approval on the menu and tested the recipes for you.

PERHAPS some day they'll add an amendment to the tables we learn at school so that we'll all be able to sing out not only "Two pints one quart, four quarts one gallon" but also "Four cups one can." But, on second thought, that would prove complicated because there are so many different sizes of cans for the convenience of housewives, that we would have to say "Four cups equal one No. 3 can," and then there would be the difficulties of fractions, such as "2 1/3 cups

equal one No. 2 can." The practical way is to have the table for cans of fruits and vegetables, which is printed above, pasted in the fly-leaf of your recipe book, because if it is a modern recipe book, canned foods will appear on so many of its pages that this table will be most helpful. It will prove a saving too, to be able to order a No. 2 1/2 can when your recipe calls for three and one-third cups of fruit or vegetables, so that you will have none left over."

United States George Washington Bicentennial Commission

## THE GEORGE WASHINGTON BICENTENNIAL.

From The Owl.  
 The George Washington Bicentennial Celebration is now attracting nationwide interest.

In 1924 Congress approved a resolution that the states cooperate with the federal government in celebrating the two hundredth anniversary of the birth of George Washington. Congress created a George Washington Bicentennial Commission, and the President of the United States is chairman. The celebration will not be a world's fair, nor will it be held in any one place, but each of the states has appointed a committee to plan and carry out a series of celebrations, and the smaller communities are rapidly following this lead. The celebration began on February 22, 1932, and continues throughout the

year till Thanksgiving Day, November 24, 1932, with special local celebrations on all holidays and anniversaries or other days which can be connected with the life of Washington. The United States Commission is urging every town and city and all organizations to write The United States George Washington Bicentennial Commission, The Washington Building, Washington, D. C., for literature and suggestions on how to make the bicentennial celebration a big success by making it part of the life of every community, village and city throughout the United States.

This is a worthy project. George Washington is well known in every school and home in America because of his great service to the country as a statesman, a general and first president. It is hoped that this movement will be well supported by every citizen of the United States.
